
RADIO COMMUNICATION AIDS IN FIRE FIGHTING—The Manitowoc County Traffic Police Dept. assumed a creditable role in a fire which damaged the roof of the home of Joseph Dantoin, a mile north of Mishicot on Highway 147 Wednesday. Discovered by Officer James Beneshek as he was patrolling the area, he quickly radioed headquarters at Manitowoc, which made telephone contacts with the Mishicot and Maribel volunteer departments. Beneshek then stayed on the scene to assist Dantoin and a neighbor in controlling the blaze with buckets of water until the departments arrived. The scene above shows members of the Mishicot department extinguishing the blaze which was believed to have been caused from a spark from the chimney.
